OEHLERT GUILTY IS JURY VERDICT

Ten Years In Penitentiary Is Sentence Imposed On Accused

MOTION FOR NEW TRIAL

Jury Returns Verdict After Deliberating More Than Three Hours. Arguments For New Trial April 12.

William H. Oehlert, charged with shooting and killing Linwood Kidwell, was found guilty of murder in the second degree by a jury in the corporation court last night which fixed his punishment at ten years in the penitentiary.

The jury with J. Angus King as foreman returned its verdict at 9:15 o'clock after deliberating over the case since 6 o'clock in the evening. When the jury filed into the court room there were approximately 200 spectators present.

Following the announcement of the verdict Attorney Edmund Burke, representing the accused, made the customary motion that the verdict be set aside as contrary to the law and evidence in the case and also for a new trial.

Judge R. H. L. Chichester, Fredericksburg, Va., who presided in the case, fixed upon Saturday April 12 as the date for hearing the arguments.

The final arguments in the case consumed two hours. The opening argument on behalf of the state was made by Commonwealth's Attorney Howard W. Smith who was followed by Mr. Burke and Mr. Smith closed for the state. Two hours were consumed in arguing the case.

The shooting of Kidwell took place the night of November 12 in the office of the yardmaster of the Southern Railway Company, where both men were employed.

When the verdict was announced Mrs. Kidwell, widow of Linwood Kidwell, and Mrs. Oehlert, wife of the prisoner, were in court.

MR. J. G. HIDEN DECIDES NOT TO BE A CANDIDATE

To the People of the Eighth Congressional District of Virginia:

I appreciate beyond expression the assurances of support I have had for the Democratic nomination for Congress to succeed Hon. C. C. Carlin. This is an honor that the people have been willing to bestow only upon the ablest and worthiest men. I feel greatly honored that so many of my friends think that I am deserving of this honor. I assure you that I am deeply touched and am sincerely grateful for this warm confidence. To be nominated by the Democratic party as representative in Congress for this district is a distinction of which any man may be justly proud. It should not be lightly brushed aside. I have given the matter earnest consideration.

In determining the proper course to pursue when urged to go into a campaign of this kind, I think a man should first determine where his highest duty lies, and then endeavor to perform that duty.

Mr. Carlin's resignation was wholly unexpected. At the time of his resignation. I was and am still engaged in a large amount of litigation and am handling other important matters that are vital to the interests of my clients. I think it can be said of me that I have never shown the white feather in any fight or shirked any duty or responsibility that was rightfully mine. I hope always to keep this faith.

The primary is set for April the 22nd. In order to make the campaign within this time with any hope of success everything else will have to be abandoned. I find that I cannot do this without almost criminal neglect of my duty, and without shirking responsibilities that I should shoulder. I shall, therefore, with much regret have to decline to enter this contest. It will always, however, be my great pleasure to do everything in my power to promote the interests of the people of this district. I hope that at some time in the future I may be so situated that I can become a candidate for this office should at that time my services be desired.

Faithfully yours,
JAMES GEORGE HIDEN.

TROOPS SENT TO HEARING

Will Protect Four Virginia Inspectors in Woodstock Court Today

Richmond, Va., April 2.—Troops were called out here yesterday to go to Woodstock yesterday afternoon to safeguard four prohibition inspectors Harry F. Sweet, W. C. Hall, W. B. Dunleavy and J. H. Sullivan, who are to be arraigned today on the charge of killing Lawrence D. Hudson, alleged bootlegger, who died of wounds inflicted when Raymond C. Shackelford, another alleged violator of the prohibition law, was instantly killed while resisting arrest.

Company B, Richmond Light Infantry Blues, Capt. L. E. Atkins commanding, left yesterday for Fredericksburg to accompany Sergt. Chichester, of that city, and the four accused inspectors to Woodstock. The inspectors have been held in Fredericksburg, and will go by way of Alexandria, in custody of Sergt Chichester, with the military as special escort.

The request for the military came Sunday night, Adj. Gen. Stern said yesterday. While Commonwealths Attorney Williams, of Shenandoah county, avers he does not think there will be any trouble when the accused men are taken into court for a preliminary hearing today, the sheriff of the county deemed it wise to have the militia on the scene. This is the first time troops have been called out to safeguard prisoners in court in a prohibition case in Virginia. The Winchester guardsmen were called out to protect the inspectors while they were housed in a Winchester hotel last Wednesday night, while the structure was being attacked by a mob. The mob began dispersing before the Winchester soldiers could assemble.

FOCH WILL HALT BOLSHEVISTS

President Wilson Declare Time for Talk Has Expired

WOULD SEE RESULTS

British and Italian Troops Arrive in Pressburg—Allies Are Wary—Suspect German Propaganda.

Copenhagen, April 2,—Wires and cables were still buzzing with the news from Paris that President Wilson had declared the time for talking has passed and that the world now wants to see results, when Berlin reported late yesterday that Marshal Foch has taken steps to halt the spread of the Bolshevist movement.

If this, and similar reports from Bucharest and Belgrade are true, an organized military campaign virtually has begun, its two chief objects being to crush the Soviet regime in Hungary and to keep the Red wave from sweeping southward into Roumania, Serbia, and all Eastern Europe, and to the north and west in to Central Europe.

British and Italian troops, according to Berlin, have arrived at Pressburg and occupied the main railways preparatory to joint military action against the Hungarian Bolsheviki.

At the same time the Roumanian newspapers state that allied troops are at Constanza and that these, too, will be sent against Hungary. Servia will intervene, it is said, on the side of the allies.

German representatives in Budapest, the Hungarian capital, have rewarned all Germans to leave the city forthwith.

As with all news emanating from Berlin, there is a possibility of propaganda; in this case it would be designed to stir up all pro-Bolshevist forces against the allies with the cry of "new war!" However, the Berlin dispatches bear the earmarks of authenticity and are well supplemented by reports from other sources.

Thus it is entirely probable that Marshal Foch, with the approval of the "big four" at Paris, has set the stage to reply with force to the Hungarian declaraiton of war against the entente.

EXPLOSION OCCURS AT DU PONT WORKS

Paterson, N. J., April 2.—An explosion occurred in the works of the Du Pont Powder Company here early today. First reports stated that the explosion occurred in the corning mill and that no one was injured.

PEACE TREATY ALMOST READY

Believed it Will be Ready For Signatures Next Week.

PROGRESS OF BIG FOUR

Although Situation is Still Critical Representatives See Necessity of Completing Without Delay.

Paris, April 2.—Substantial progress is being made by the 'Big Four' following the breaking of the deadlock. President Wilson and the European premiers meeting with him are greatly encouraged.

While the situation still is critical, all the conferees are impressed with the absolute necessity of completing the work without further delay.

It is understood an agreement has been reached by which France will get the mineral products of the Saar basin, while Germany will retain sovereignty of the territory.

Furthermore substantial progress has been made in the discussions of the Rhine question.

German fortifications on the Rhine will be demolished, but Germany will be allowed to keep the land on which they stand.

The size of the indemnities claimed from Germany has been cut down also.

It is hoped to complete all the work in regard to the first peace treaty by Saturday and settle the Austrian problems next week. Then the allies will be ready to invite the representatives of the central powers to France to sign up.

It is believed that there will be about 200 enemy representatives here when the final negotiations are begun.

The allies and the associated powers have authorized the restoration of the freedom of trade with Poland, Esthonia, and German Austria.

In fact, freedom of trade has now been established with all nations except Russia, Germany and Hungary. Restrictions have been laid down regarding German-Austria prohibiting the shipment of military articles into the country.

VIRGINIAN DECORATED

King of Greece Pins Medal of Military Merit Upon Captain O. B. Mitchell

Captain O. B Mitchell, formerly of Lynchburg, now in the European war theater, has been decorated with the Medal of Military Merit. The decoration was placed upon him by the King of Greece.

When war was declared by the United States he was with the Southern Bell Telephone Company, in charge of their taxes. He at once resigned his position and entered the first training camp at Fort McPherson. He was appointed as aid to Brigadier General W. P. Burnham at Camp Gordon, and went over to France in April, 1918, with the Eighty-second Divison, in the St. Mihiel sector. When General Burnham was ordered to Greece as the military attache of the inter-allies' legation he was ordered with him. After the armistice he was appointed as military attache to the legation.

TROOPS KILLED IN RUSSIA

Slaughter in That Country Has Been Worse Than During The Fighting With Germany

M. Ducavitch former Premier of the Kuban republic formed immediately after the first revolution and consisting of seven states in the Cis-Caucasian region, is in Paris with a delegation and has presented a memorandum to the Peace Conference asking Allied support to prevent the republis "being deprived of independence by Bolshevism."

M. Ducavitch stated that the losses of the Cossacks in the fighting against the Bolsheviki during the past year had been four times as heavy as during three years of war against Germany. He said that one-third of the population of military age had been killed and that not enough men were left to cultivate the soil.

The memorandum appeals especially for the assistance of "the republic's great sister, the United States."

REVOLUTION IN RHINELAND

One Hundred and Fifty Thousand Are on Strike

INDUSTRIAL REVOLT

State of Siege Proclaimed in Ruhr District—No Food is Being Sent Into the Affected District.

Copenhagen, April 2.—A serious general strike, involving 150,000 workers, is in full swing at Berlin, said a dispatch from that city today.

A state of siege has been proclaimed in the Ruhr district, where a strike is in progress.

Bloody street fighting has taken place at Frankfort-on-Main.

In Westphalia a large number of towns have been occupied by government troops.

No food relief is being sent into the affected districts.

Sabotage and food riots are raging throughout the Ruhr district, following the declaration of a general strike. In many towns the Spartacan leaders were arrested, leading to violent rioting. Many factories were attacked and damaged.

Three-fourths of the whole industrial district on the Rhine is involved.

The Spartacans in Berlin are carrying out "measures of reprisal" for the arrest of Ernest Deumig, of the soldiers' and workmen's council.

At Stuttgart, in south Germany, the middle classes have declared a counter strike agaisnt the red leaders.

The revolutionary movement on the coast is growing, and advices from Wilhelmshaven today said fears were felt there that it would become general.

The general strike at Berlin and in the Rhenish industrial belt is probably the threatened coup of the Spartacans to start an "industrial revolt."

EATS SOAP, FOAMS; BUT TRICK FAILS

Newark, N. J., April 2.—The story of how Capt. Franz von Rintelen ate soap and blew bubbles and foam from his mouth in an effort to convince physicians he was suffering from tuberculosis has been disclosed here by prison officials. The ruse failed.

The German officer, when he learned he was about to be sent to the Federal prison in Atlanta, borrowed all the soap possessed by other prisoners in the Newark jail. Having eaten the latter, he emitted a foam that for a time had the physicians puzzled. Still spouting bubbles, he was sent South.

ARREST IN COURT KILLING

Herman Shifflett in Custody and Posse is Pursuing Edgar Morris

Charlottesville, Va., April 2.Herman Shifflett, charged with complicity in the shooting at the Greene county courthouse Saturday, was arrested yesterday by Sheriff Malone while carrying mail for his father, who has charge of the mail route from Stanardsville to Bacon Hollow, in the mountains of Greene. Asked as to the whereabouts of Edgar Morris, who shot and killed Magistrate Bluford G. Sullivan, Shifflett replied that he was on Wyatts Mountain, 18 miles east of Stanardsville, not far from Morris' home.

A new version of the shooting is to the effect that after being fined for disturbing public worship at a church near Stanardsville, Morris was sent out of the building by his lawyer John S. Chapman, former State senator, while the law governing the case could be consulted. As Magistrate Sullivan was reading the law to Attorney Chapman and the prisoner's father, Deputy Sheriff Morris, Edgar Morris quietly entered the room with two revolvers in his hand. Placing his arms over the shoulders of his father, Morris began firing. The first shot penetrated the law book, striking Sullivan squarely in the temple. Before the magistrate's body had time to fall to the floor five more shots were fired at him, all of which took effect, causing instant death.

As Morris fired, Herman Shifflett it is charged, pulled his gun and opened fire on a man named Knight, who, as he thought, had testified in the case against Morris. Two shots were fired but neither took effect.

Groups of men in automobiles are scouring the mountains of Greene and it is believed that Morris will be placed under arrest within the next 24 hours.

FOUR MEET DEATH

Coroner Probes Mishap At Harriman, Pa. Launching.

Philadelphia, April 2.—According to the Coroner of Bucks county the accident Monday at the launching of Harriman, Pa., of the cargo carrier Waukau, resulted in the death of four workmen. The Delaware river in the vicinity of the Merchant Shipbuilding Company's plant is being searched today, but the Coroner stated that he had no reason to believe that more than four had been drowned.

About 50 workmen had clambered upon the platform near a vacant slipway in order to get a good view of the launching. This toppled over and all of the men fell into the water. As far as is known all were rescued except four, three of them being foreigners employed in the laboring gang.

The coroner absolved the shipbuilding company from blame for the accident. He said the men were on the platform in violation of the rules of the company forbidding any employee from using it.

We know she is sweetly sleeping
In Jesus the mighty to save.

THE BOLSHEVIST MENACE

In the midst of the many issues facing the United States at this time, the so-called "yellow peril" is synchronous with the seventeen-year locust. The course of Japanese in Mexico is a matter of anxiety for many in this country. This cloud, like others which have preceded it, will, we believe, soon pass away.

The real peril to the United States is Bolshevism. Conceived and brought to the birth mid the snows of Russia, this epidemic has spread to the sunny plains of Europe and been wafted to the western hemisphere, where it has found congenial soil in many places.

It is useless to argue with people suffering from this distemper. Hence we will merely refer to facts—procedures going on this day not in western cities and towns where little English is spoken, but in our commonwealth—Virginia—the home of George Washington, Thomas Jefferson, Patrick Henry, George Mason and others forming the constellation of the Old Dominion.

Several years ago the state was startled by the Hillsville tragedy, which took place in a court of justice. Several state officials were ruthlessly shot down on that occasion by defiers of the law, and the murderers escaped to the mountains. The Hillsville tragedy will ever remain a foul blot upon our previously proud escutcheon.

A similar scene was enacted last week in another court of justice in our commonwealth when a justice of the peace, representing the State of Virginia, was shot and killed while in the discharge of his duty by a man who, it was alleged, had disturbed a church meeting.

About the time the scene was being enacted serious conditions were in evidence in Winchester, a heretofore quiet valley town, where a mob gathered for the purpose of meting out what the gang regarded as justice to state prohibiton officers who had shot and killed one man who was in an automobile carrying liquor and the mortal wounding of another who was with him. From all that can be learned, these parties were violating a law of the General Assembly of Virgnia. They were engaged in transporting liquor into the state. The inspectors will be arragned in court in Woodstock today, and it is deemed necessary to have a company of soldiers in attendance in anticipaton of an outbreak.

These are happenings in Virginia. Let us turn our eyes elsewhere. We read a day or two ago of the burning of churches of Pennsylvania. That these structures were set on fire by Bolshevists who are sworn enemies of religion in any form is the belief of people residing at the scenes of the conflagrations.

Maxim Gorky has sent Foreign Minister Bela Kun the following wireless, according to a dispatch received from Budapest:

"We welcome you with all our hearts. A new life dawns for us. The whole world will soon follow your example."

A wireless message sent by Tchitcherin, the Russian bolshevik foreign minister, says "the revolutionary movement certainly is gaining in America. American newspapers say the States of New York, Pennsylvania Indiana, Illinois, and Michigan are especially impregnated by bolshevism. A riot has taken place in Philadelphia, which certainly must be attributed to bolshevist influence."

COMMENDABLE ACTION

The determination of the United Mine Workers of America not to participate in any general strike on July 4 in behalf of Thomas Mooney, convicted of complicity in a bomb explosion in San Francisco in a Preparedness Day Parade will be read with satisfaction by all lovers of law and order.

As was stated in yesterday's Gazette, Eugene V. Debs' application for a rehearing of his appeal from conviction and sentnece to ten years imprisonment for violating the espionage act has been denied by the Supreme Court.

Debs, when shown the decision who is in Akron, Ohio, said: "That means that by May 1, the day on which I begin my sentence, the general strike will have begun." He predicts that all workmen in the country will refuse to work in manifesting their contempt for the Supreme Court.

Debs, it is alleged, terms the Supreme Court "that plutocratic" Supreme Court," that court of the capitalists."

The laboring element of the country may cause a miscarriage of Debs' prediction, as the miners have that concerning Mooney.

THE VALLEY TRAGEDY

In the wave of indignaton that is sweeping Virgnia because of the illegal and extra legal activities of agents of the Prohibiton Department and the Federal government as well there is discernible no sentiment favorable to nonenforcement of the laws to the very letter as they are written in the statute books. Or, if there is such a sentiment, it is harbored only by actual lawbreakers or potential offenders, and, therefore, is unworthy of consideration.

Investigation of the killing of two bootleggers in the Valley is in the hands of the courts, where it will be determined if the prohibition agents acted within the law. If they did they will be exonerated; if not, they will be punished. That case stands out above all others, because there was taking of human life and because of the mob scenes which ensued. But every day on the high roads, on the trains, at the depots wherever travelers go, there are violations of the law on the part of the officers. Necessity of warrant is ignored, personal rights infringed baggage torn open and rummaged and innocent persons subjected to inconveniences, indignities and embarrassment. Comparatively few of these cases come to light because of the hesitation victims of such official zealousness feel in reporting them lest their own names come into unwelcome publicity. So disgraceful have these conditions become that authorities of other States have taken cognizance of them, and travelers who can do so are avoiding Virginia.

These things are unnecessary to the stern enforcement of the prohibition laws. In fact, they are the most serious handicap it has, and if the Prohibition Department permit them to continue it will be its own worst enemy. A thorough house cleaning by the department, the release of agents who have been more active than law-abiding, and unmistakable instructions to its employes that hereafter their conduct must conform not only to the statutes, but to the standards of common courtesy, will do much toward curbing the growing restiveness and dissatisfaction, and restore Virginia's good name.—(Richmond Times-Dispatch.

The strike of mail carriers in Madrid has ended and several factories reopened yesterday in Barcelona. Workmen also are returning in other provinces.

LOSES PRIMARY FIGHT

Baltimore Mayor Defeated by 4,900 Plurality After Bitter Campaign

Baltimore, April 2.—James H. Preston, who brought about Greater Baltimore when large territory was annexed to the city January 1 last, went down in defeat in a primary election that was marked by the utmost bitterness, George Weems Williams, a member of the aristocracy of Baltimore, former president of the park board, lawyer, and the man chosen by the State organization, of which Governor Harrington is the head, defeated Preston by a plurality of 4,900.

Preston's running mates, J. Barry Mahool, and James F. Christ, candidates respectively for vice mayor and controller, were defeated by a 7,000 plurality, by Howard Bryant, and Joseph M. Smith. This overwhelming defeat was attributed to the anti-prohibitin league, which demanded that the candidates declare themselves and Mahool and Christ elected to be classified with the wets.

The much heralded strength of the church organizations that were expected to give support to Manhool and Christ failed to materialize. The general election for mayor will take place May 6, when Mr. Williams will be opposed by the Republican candidate, William F. Broening, at present State's attorney.

TAKES RECORD FLIGHT

"Nancy First" Completes Durability Test in Rounding Rockaway Point.

New York, April 2.—"Nancy First" veteran of the seaplane flotilla, which the U. S. navy is going to send over the Atlantic, has established a new record for durability, it is learned in tests made around Rockaway Point, L. I., where the winged hopes of America are training, the huge plane made substantial progress under power of but two of her four Liberty motors.

This means that in the trans-Atlantic flight the breakdown of one motor will be almost inconsequential, and even if two go dead any of the machines can continue in normal weather.

Each of the motors develops about 400 horsepower, so that two, working simultaneously, propel the flying craft with the force of 800 horsepower.

Efforts are being made to increase the lifting power of the planes, not only so they can rise from the water on two motors, but, even more important, that their gasoline carrying capacity may be increased.

IRISH PREPARE PARLEY CLAIMS

Leaders Threaten 'Determined Action' to Gain Freedom.

Dublin, April, 2.—The third session of the Irish Parliament opened yesterday with Prof. Edward De Valera and several Sinn Feiners recently released from prison in attendance for the first time.

One of the most important questions to come before the parliament is the method of pressing the claims of the Sinn Fein for representation in the Peace Conference, which they demand as an international right.

Leaders threaten "determined action" to win their demands. It is expected the Parliament soon will issue a program for "the government of the Irish people."

A statement issued in connection with yesterday's session said.

"We have from six to twelve months to prove to the world that, having set up the Irish government, we have the courage to stand by it and make it operative. We are about to do the most serious thing done in Irish history for a century."

The sessions are being conducted in the Gaelic language.

BRITAIN TO PARE HER NAVY BUDGET

London, April, 2.—The United States need have no apprehension that Great Britain will authorize the proposed 1919-1920 naval budget of $746,000,000, which is just $4,000,000 more than that proposed by the United States for similar purposes.

Walter Long, M. P., first lord of the admiralty, told parliament that Britain's naval budget will be pared down considerably in the new estimates to be presented in June or July, after peace is signed.

Were it not for the fact that certain expenses incurred during the war must be paid during the next fiscal year, it is very doubtful whether the 1917-1920 budget for naval purposes would equal the 1913-1914 appropriations of $231,500,000.

Peace terms are expected to be drastic enough to preclude the necessity for Great Britain pouring big sums into naval expansion.

WRECKED AT SEA

Norfolk, Va., April 2.—The schooner Lucia, of Havana, Cuba, with a cargo of 20,000 gallons of rum from Montevideo, Uraguay, foundered 400 miles off the coast of North Carolina on March 30. All hands were lost except one seaman—Manuel Munez—of Provenceia, Spain. Word of the foundering was received at the naval base yesterday by wireless from the U. S. S. Lake Larga, which rescued Munez.

No details of the disaster were given except that the Lucia drifted four days before she finally foundered.

The wreck was reported as a menace to navigation and a revenue cutter will be sent out immediately to dispose of it.

She was caught in a storm over a month ago and blown far north of her course and so damaged that she had to put into Hampton Roads for repairs, and after necessary repairs left Hampton Roads for Montevideo March 24. The Lucia was caught in another gale last week and destroyed.

Judicious Advertising

The question of whether or not advertising pays has been debated time and again—in every corner of the world—and always there has been the same answer

IT DOES PAY

The Gazette goes into practically every home in Alexandria and your advertising is read every evening by more than 3,000 prospective shoppers. And these readers are the ones the local merchant must depend upon for his support.

Some merchants persist in the alibi that too many people shop out of town. This fact shows that the average person does read advertising and that if local merchants took more pains in putting their merchandise before the public there would be less out-of-town shopping.

KAISER A SOCIALIST

Imperialist as Dinner Begins, Then Democratic, Then Radical.

The kaiser has turned socialist, according to the Hague correspondent of the London Daily Mail.

The former emperor the correspondent writes, often suddenly jumps up from the dinner table, declaring "These are the days of socialism," and adding that he is only an ordinary man now and must help the cause. Thereupon he throws his napkin over his shoulder and insists on helping to wait on the table.

Wilhelm, the correspondent adds, often dresses in a general's uniform and struts into the dining room, afterpompously demanding of the butler to announce him in full regal sytle. But after he gets past the soup and fish he becomes democratic and by dessert time has generally turned into a full-fledged socialist.

He talks and talks and talks from morning to night to every one on everything. The former empress, however, spends most of her time in prayer.

STRIKES IN GERMANY

Thirty Thousand Miners Are Out and Agitation is Pervading Other Lines of Work.

Cologne, April 2.—Reports from Essen and neighboring towns show a serious increase in the number of strikers among the coal miners. Today 30,000 men are out, result being that thirty shafts are closed down.

In Witten and Dortmund, Westphalia, and elsewhere meetings were held, at which terms were demanded which seem dictated by a desire to bring about the same disordered conditions as those which existed a month ago. The demands include the withdrawal of the government troops, 25 per cent increase in pay, additional bonuses and a six hour day.

The strike fever also is spreading to other fields, for instance, the Prussian Hession railway, 6,000 employees of which adopted a resolution threatening to cease work on all lines unless all their demands were conceded by April 10.

At Dortmund an anti-Bolshevist meeting was taken possession of by Spartacans, who demanded the overthrow of the government, the disarming of the bourgeoisie, the arming of the proletariat and fresh elections to the soldiers' and workmen's councils.

DRASTIC LIQUOR LAW

New Measure Takes Place of Search And Seizure Act Recently Nullified.

Lansing, Mich., April 2.—A bill supplementing Michigan's prohibition law and designed to remedy defects developed when the Supreme Court nullified the search and seizure section of the original act was signed by Governor Sleeper yesterday forenoon.

The new law, declared to be one of the most drastic enacted by the Michigan Legislature in recent years, takes immediate effect. It makes the possession of liquor a felony, punishable by a fine of $1,000 and imprisonment from six months to two years, and authorizes search of all buildings or containers, except private residences.

Regularly licensed druggists are exempt, and physicans are permitted to prescribe not to exceed eight ounces.

WILSON SEES DANIELS

Secretary of Navy and President Confer—Bishop Spalato Calls

Paris, April 2.—President Wilson was again in attendance yesterday at the meetings of the Council of Four dealing with peace problems. Between the sessions of the Council the President received the Bishop of Spalato, representing Jugo-Slav itnerests in the Dalmatian coast controvery.

In the forenoon the President had a conference with Josephus W. Daniels, Secretary of the Navy shortly before the latter's departure for Italy.

MARINE STRIKE AVERTED

Great Lakes Workers Agree to Submit Differences to Commission

Detroit, Mich., April 2.—A threatened strike of members of five organizations of Marine Workers organizations having to do with dredging and drilling operatins on the Great Lakes, set for yesterday has been averted temporarily, at least, it was announced here this morning by agreement to submit differences over working conditions to a national adjustment commission.

The adjustment commission, it was stated, will meet at Buffalo or Cleveland at a date to be fixed later. 75-5t.

JAPANESE LUST

Senator Phelan Recommends More and Stricter Exclusion Laws on Coast

Sacramento, April 2.—"The next war will be fought on the Pacific Coast; the Japanese have that lust of world empire, similar to the Khiser, to reach out and conquer other lands," United States Senator James Phelan declared, addressing a joint session of the legislature.

Phelan told of the Japanese land laws barring foreigners and excluding Chinese coolie labor, declaring "and if they do that they cannot come into court with clean hands and complain of America barring them from this country."

"They are Japaneseing the Pacific Coast," said Phelan, "and wherever else they feel desirable. They are evading land laws with corporations run by brains and Japanese capital with stupid white men as figureheads.

"Stricter land laws; more vigilant immigration inspection; barring of counter propaganda to combat the Japanese propaganda and to 'sound the alarm,'" were urged.

Washington, April 2.—President Wilson has been fully advised by cable of the latest developments concerning Japanese "agrarian aggression" in Lower California. No official explanation has yet come to the State Department, however, from the American Embassy in Mexico City regarding the interview of Gen. Amada Aguirre, under secretary of develop ments and agriculture, which was the first inkling of a new Japanese colonization scheme. Because of the absence of a report from the embassy the State Department would not discuss the matter further yesterday.

Children of the Confederacy an auxiliaryq of the older organization, also convened. Five hundred women are expected to arrive before the convention adjourns on April 5.

Among the many addresses on the program are those of Governor A. O. Stanley of Kentucky, Miss Mary Poppenheim, of Charleston, S. C., president general of the Confederacy, and Judge Robert Worth Bingham, commander in chief of the United Sons of Confederate Veterans.

RIOTS IN CHICAGO

Voting for Six Mayoralty Candidates Begins—Religion is Injected

Chicago, April 2.—Men and women ballotted for Mayor and other city officers yesterday, after a campaign said to be the most bitter in the history of the municipality.

With six candidates in the field for Mayor, partisan, religious and racial hatred flamed high during the campaign, which ended Monday night with riotous scenes in the central district, which extra police details had difficulty in controlling at times.

Extra precautions were taken by Chief of Police Garrity, who said every policeman in the city would be in readiness to prevent possible outbreak of the bitterness engendered during the final stages of the campaign.

Among the propositions appearing on the "little ballot" accompanying the Mayoralty ballot is the proposition, "Shall Chicago become anti-saloon territory?" This proposition was not allowed on the ballot at the preceding election, and the "drys" brought suit against the election officials, which resulted in a decision of the Supreme Court several weeks ago that the proposition should be submitted to the voters.

NEW APPEAL TO VOTERS

Chicago, April 2.—The recently formed alliance between the Non-Partisan League and the Chicago Labor party will make itself apparent in Chicago soon by the appearance of co-operative stores, it was announced yesterday by Morton L. Johnson, secretary of the labor party.

Mr. Johnson said there would be one store in each of the city's 35 wards and that farm products would be brought to them direct from North Dakota, where the Non-Partsian League is in political control and has put many of its theories into practice.

The announcement said that the stores would also serve as labor union headquarters, from which strikes would be directed as necessary.

NEWS OF THE DAY

The city of Seattle is owner and operator of the street railways. Final details of $15,000,000 purchase were cleared up Monday night. The city began operation at 11 p. m.

President Wilson alone can stay the hand of the law which has ruled that Eugene Debs, Socialist leader and several times candidate for President on his party's ticket, shall go to jail for ten years for violation of the espionage law. The President, of course, cannot act until Debs or some one representing him, formally presents an appeal for pardon. This goes first to the Department of Justice, where the Attorney General studies the case and makes recommendation either for or against pardon or reduction of sentence. The President then acts.

Reliable information from Russia is to the effect that Lenine and Trotsky are ready to pledge to the allies: That they will undertake no official encouragement of the Bolshevist propaganda in allied countries. That they will cease military aggression. That they will withdraw the Bolshevist armies from invaded districts. "A distinguished neutral" is said to have been sounded by the allies to take charge of food relief in Russa if an agreement is reached.

All packers were released from Federal control of the Food Administration license system by proclamation of President Wilson, effective yesterday. The President signed the proclamation in Paris, the Food Administration announced. The proclamation provides "that all persons, firms, corporations and associations engaged in importing, manufacturing, including packing, storage or distributing fresh canned or cured beef, pork, mutton or lard," have been released from license by the Food Administration.

A dramatic scene was staged yesterday in the postmaster's private office in Augusta, Ga., when J. C. McAuliffe presented his credentials as postmaster as John W. Clark's successor and the latter declined to vacate, stating that he stood upon his legal rights and would not give up the office until directed to do so by the President. McAuliffe was armed with credentials from the Postoffice Department, and Postoffice Inspector Cole, who was with McAuliffe, informed Clark that he must vacate. At 1 p. m., however, Postmaster Clark was performing his duties as usual.

Mayor William Hale Thompson, republican of Chicago was re-elected in yesterday's mayoralty contest in Chicago by a plurality(estimated at between 10,000 and 15,000. Robert M. Sweitzer, democratic nominee, ran second, giving Thompson the hardest battle of his political career. States Attorney Cclay Hoyne, independent nominee, was third.

COLDEST APRIL

Mercury Drops to 24 Degrees in Richmond—Ice in Streams

Richmond, Va., April 2.—Following the fall in temperature last night, today's minimum temperature of twenty four degrees was the lowest ever recorded here for any day in April. The previous absolute minimum was twenty-five, in 1907.

Ice formed in many streams this morning. Indications are that the peach crop in Virginia has been practically killed by the cold wave. Not many vegetables have been damaged.

MINE FIRE SPREADING

Shenandoah, Pa., April 2.—Mining men were alarmed yesterday by the spread of a fire in the Girard mine at Ravene Run, Pa. A culm bank near the mine has been burning. High winds carried the fire down an old working, where it ignited the coal vein. Several men have been overcome. The colliery is one of the largest in the region.

KEPT HER AWAKE

The Terrible Pains in Back and Sides Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial NC-133.

AMERICAN RABBIS MEET

Memory of Dr. Wise to be Honored at Cincinnati Convention

Cincinnati, Ohio, April 2,—Rabbis from all sections of the country were present here today at the opening session of the thirtieth convention of the Central Conference of American Rabbis, which is to honor the memory of Rabbis Isaac M. Wise, father of American Judaism and founder and first president of the conference.

Opening services were held at the Plum Street Temple, where Rabbi Wise officiated for the forty-four years prior to his death in Cincinnati in 1900. Rabbi Louis Grossman, president of the conference, who also is the successor of Rabbi Wise at the Plum Street Temple, made an address as president of the Rabbinical Conference.

The address of welcome was made by J. W. Freiberg Cincinnati, and the response was by Rabbi L. L. Franklin, Detroit.

Tonight the principal address will be made by Dr. Henry Berkowitz, rabbi of one of the largest Philadelphia congregation. The benediction will be pronounced by Rabbi Simon Peiser, Cleveland.

Among the visiting rabbis is Jonah B. Wise, Portland, Ore., son of Rabi Isaac M. Wise.

The convention is to continue until next Monday.

Lansing, Mich, April 2.—The lower house of the State Legislature in committee of the whole early yesterday morning approved passage of legislation which would make criminal syndicalism a felony, punishable by a maximum fine of $500 and imprisonment of not more than 10 years.

INGOMAR—Lillian Walker

Lillian Walker does an act with three large lions at the Ingomar theatre tonight where her newest picture "Love Hunger" is on view. Adapted from "Fran," the novel by John Breckenridge Ellis, it is the story of a young girl lion-tamer who finds unhappiness in the family where she seeks a home and attempts to remove the cause. How she succeeds in doing this makes "Love Hunger" a most interesting and dramatic story of mystery and romance, relieved by some bright comedy.

RICHMOND—"The Sheriff's Son"

To see Charles Ray in a motion picture is at all times a treat, but in his latest Paramount picture, "The Sheriff's Son," which is being shown at the Richmond Theatre tonight, the popular young Thomas H. Ince star appears at his best as a young man who struggles against and masters pre natal fear. It is a splendid photo-play and well worth seeing.

Extra attraction Paramount, Mack Sennett Comedy, "East Lynne" with Variations."

GRAND THEATRE

Be Strong

THE strong and vigorous man or woman is envied by less fortunate humanity afflicted with aches, pains, infirmities and ailments. The sufferer says to himself, "If I could only be well, how happy I would be," for health is more essential to the joy of living than is wealth.

The kidneys almost literally wash the blood and keep it clean and free from impurities. When the kidneys are out of order, they fail to filter out this waste and poisonous matter. It remains in the system to cause backache, rheumatic pains, sore muscles and stiff joints.

Foley Kidney Pills

help the system eliminate this poisonous waste. They soothe, strengthen and heal sore, weak and diseased kidneys and bladder. When the kidneys are working properly, appetite returns, refreshing sleep is possible, and health and strength come again.

SCISSORS GRINDER WEALTH

A St. Louisian's Investment in Land Netted $3,000,000 Through Oil

Sosthene Gallais, former wholesale oyster and ice cream dealer, who entered into business in St. Louis as a scissors grinder, and who accumulated a fortune estimated by his family at $3,000,000 through the investment, several years ago, of $30,000 in Oklahoma land, on which oil later was found, died the other day at his home in Tulsa, Okla.

Galais' rise to riches is one of the most interesting of the many oil romances in Oklahoma. His original investment had lain dormant for years and he did not know oil had been discovered on his land until he received his first royalty. Since then his wealth had increased by leaps bounds until it enabled him to become the largest individual property owner in Tulsa, caused him to erect a 10 story office building there as a monument to the city near which he found his wealth and carried him from a penniless boy into affluence.—(St. Louis Post-Dispatch.

REDS ARE CHEERED

800 In Uniform Acclaim Bolshevist Movement.

New York, April 2.—Nearly 800 uniformed men—discharged American soldiers and sailors—cheered the Bolshevik movement at a meeting called here Monday night by the Soldiers, Sailors, and Marines' Protective Association for the purpose of discussing means of obtaining employment.

The cheers were in response to a speech by a man in Naval uniform who gave his name as Peter Marmer and declared that he was one of the organizers of the "Soldiers, Sailors and Workmen's Council" in Seattle during the recent strike there.

At one point he exclaimed: "I want to sound this warning to persons who are appropriating money at Albany to investigate the Bolsheviki. I find more Bolsheviki among soldiers returning from France than I do on the East Side."

LENINE STAYS WARM BUT OTHERS SHIVER

London, April 2.—Owing to the absence of fuel in Russia, Nicholas Lenine, the Bolshevik premier, issued a decree that the temperature of all dwellings in Moscow should not exceed 46 degrees, according to a press dispatch from Berlin today.

It is pointed out, however, that the villa occupied by Lenine himself is equipped with a central heating system, a furnace, as well as great open fireplaces in every room, and that its temperature is above 70 degrees.

ROMANCE DIES FOR FAMOUS STARS

Pauline Frederick and Willard Mack, two of the best known stars of the American stage, who were married here a year ago, have separated, it was learned today.

News from Los Angeles tells of shattering of another famous stage romance. Friends of the couple declare that trouble has been brewing between them for some time. About three weeks ago Mr. Mack was confined to the psychopathic ward of a Los Angeles Hospital at the instigation of friends, following, it is declared, an excessive use of stimulants.

The complaint for his entrance to the institution was signed by E. C. Statler, attorney for the interests in New York.

A few days ago Mr. Mack was discharged from the hospital. He is now livng in quiet in a bungalow outside of Glendale. A nurse and a physician are in attendance.

Alleged indiscretions on the part of Mr. Mack are given as the cause of the trouble between the beautiful screen and stage star and her talented husband, who has also won fame as playwright.
